

Agenda Summary Report (ASR)

Franklin County Board of Commissioners

DATE SUBMITTED: 11/09/2023	PREPARED BY: Robert Mendez, Program Manager												
Meeting Date Requested: 11/22/2023	PRESENTED BY: Craig Erdman, Director / County Engineer												
ITEM: (Select One) <input type="checkbox"/> Consent Agenda <input checked="" type="checkbox"/> To Be Brought Before the Board Time needed: 10 minutes													
SUBJECT: Adding the "West" directional on to various County roads / streets within the Riverview Area													
FISCAL IMPACT: Additional signage need to be added on ten (10) roads at twenty-eight (28) intersections. Budget Line # 542.64000 Roughly \$ 5,550.00 estimated to implement these changes.													
<p>BACKGROUND: In order to help facilitate consistency for roads / streets shared by Franklin County and the City of Pasco and to reduce the confusion / response time for Emergency Medical Services (EMS) and other first responders it has been brought to various County departments that ten roads / streets are in need of a name alteration. The alteration is simply to add the "West" directional designation onto the ten roads listed below. The situs addresses on the parcels that access onto and off these ten roads / streets already have the "West" directional designation, according to the Assessor's website. Currently, when 911 has been called to respond to one of the roads / streets with the address ranges listed below, Southeast Communication Center (SECOMM) does not recognize these addresses. For example, actual address is 5200 West Agate Street, SECOMM does not recognize that address because that segment of road according to the County is listed as "Agate Street". When SECOMM is unable to verify a valid address this increases the response time, in emergencies every second counts.</p> <p>These roads / streets are in the unincorporated Riverview areas surrounded by the city of Pasco limits. This area is loosely bounded by West Court Street (South Boundary), West Argent Road (North Boundary), Road 40 (East Boundary), and Road 80 (West Boundary), with a thin strip of city of Pasco centered roughly around Road 56.</p> <p>Road names <u>Adding the West directional:</u> The roads / streets listed below are within the County's jurisdiction that are using City of Pasco street names. Included are the address blocks for the road segments that exist now. There is a possibility that some of these roads / streets could be extended, with the existence of a previously dedicated right-of-way or access easement. These potential extensions are indicated separately. These name alterations will be updated in the next speed ordinance amendment.</p> <table border="1"><tr><td>Agate Street: 5200-5420</td><td>Pearl Street: 4200-4320</td><td>Leola Street: 5400</td></tr><tr><td>Wernett Road: 4000-7600 (potential extension to 8000)</td><td>Richardson Road: 4800-7400 (also change private segment 4600-4800)</td><td>Bumpaous Road : 4800-5000</td></tr><tr><td>Livingston Road: 4000-5400 (also change private segment 7800 block)</td><td>Dradie Street: 4600-8000</td><td>Dougville Road: 4200-4400</td></tr><tr><td>Melville Road: 4000-4100</td><td></td><td></td></tr></table>		Agate Street: 5200-5420	Pearl Street: 4200-4320	Leola Street: 5400	Wernett Road: 4000-7600 (potential extension to 8000)	Richardson Road: 4800-7400 (also change private segment 4600-4800)	Bumpaous Road : 4800-5000	Livingston Road: 4000-5400 (also change private segment 7800 block)	Dradie Street: 4600-8000	Dougville Road: 4200-4400	Melville Road: 4000-4100
