CODE ENFORCEMENT

Code Enforcement Officer Jerry Lingo and Planning Director Jerrod MacPherson met with the Board.

COMMISSIONERS RECORD 47
FRANKLIN COUNTY
Commissioners' Proceeding for December 4, 2006

Department Update

Mr. Lingo gave an update on the Code Enforcement work for the year.

Mr. Lingo answered the Board's questions about irrigation water on roadways. He explained how special circumstances are considered, both for weather-related problems and for equipment failure problems. He has been working with the prosecutor's office to make changes so these kinds of matters will no longer be handled by the hearing examiner. The irrigation water sometimes causes road damage and road hazards.

Mr. Lingo told the Board that 90% of the cleanup that he required has been completed at the old radar base in north Franklin County including junk and car removal. The remaining cleanup is mostly vegetation items such as tree trimmings. He has also worked on the sewer re-permitting process with the Health Department for the site.

Removal of inoperable vehicles

Mr. Lingo said without doubt, inoperable vehicles are the biggest code enforcement priority throughout the county. Recently he has been working with Doug Hinsley of Doug's Hulk Hauling who removes the vehicles without cost. Mr. Hinsley gets the value of the scrap metal. Now property owners have no excuse to argue with us about keeping inoperable vehicles in their backyards.

Final Approval Short Plat SP 2006-18, Don and Eleanor Warren

Motion – Mr. Koch: I move for final approval for Short Plat 2006-18 for Don and Eleanor Warren. Second by Mrs. Corkrum. 2:0 vote in favor. This is Resolution 2006-586.

PUBLIC WORKS

Engineer Tim Fife met with the Board.

Vouchers

Motion – Mr. Koch: I move the approval of payment of vouchers/warrants for County Road Fund for \$142,508.18; MV & PW Equipment Fund for \$24,151.19; and Solid Waste Fund for \$2222.18. Second by Mrs. Corkrum. 2:0 vote in favor. (Exhibit 7)

Request for Additional Step Increase

COMMISSIONERS RECORD 47
FRANKLIN COUNTY
Commissioners' Proceeding for December 4, 2006

Mr. Fife said the union contract allows for advancing people an additional step. The supervisor feels that Thomas Garrett should be advanced an additional step increase because of the quality of his work and the eight years' experience he already had in Klickitat County. Mr. Fife recommended approval of the additional step increase. He answered the Board's questions.

Motion – Mr. Koch: I move for the approval of the step increase for Thomas Garrett, Equipment Operator II. Second by Mrs. Corkrum. 2:0 vote in favor. (Exhibit 8)

Bids

Mr. Fife said his office is waiting to make a recommendation for a bid award until we get a legal opinion from the Prosecutor's Office regarding whether we should have opened the bid that arrived late or not.

Rick Miller joined the audience.

The Board is considering having bids only be opened on Wednesdays, never on Mondays. Mr. Fife said that would not be a problem for his office.

Connell Parade

Connell is having a parade on December 14. Some members of the Road Crew would like to decorate a county dump truck with their own lights. They would not charge for their time. There would be a cost for diesel. The Board **gave approval**.

R-170 Landslide area

Mr. Fife showed the Board a rough drawing of a proposed route to replace the road at R-170 based on property owners' suggestions.

Bi-Monthly Progress Reports

The Board reviewed the Bi-Monthly Progress Report. The report includes monthly reports from J-U-B Engineers about road projects they are involved with. Mr. Fife told the Board about progress on various projects.

Recessed at 10:10 a.m.

Reconvened at 1:30 p.m.

Subject: Two step increase for Tom Garrett E O (2) Pasco

Ron,

This letter is a request to give Tom Garrett a two step increase for a job well done in district # 2 and overall job performance. Tom has been a grader operator for Franklin County for three years, he has district # 2 in great shape. We have very few complaints in Tom's district he stays on his maintenance schedule and make his rotation in 15 days. Tom maintains his ditch's and keeps the weeds on the under control. Tom has been very cooperative and willing to so the extra mile in several areas. He helps train new operators on the road graders and gravel road maintenance. Tom has worked on CRP projects IE: Dradie ST. construction, RD. 60 chip seal prep etc. while keeping up with the maintenance in his district. He has excellent equipment skills and takes ownership and responsibility for his work. He places a high priority on getting things done and usually exceeds the norm.

I have asked Tom on several occasions to help out in district #1 while we are going through the transition with grader districts and he has been very cooperative and instrumental in making this transition work. I hope you and Tim will consider Tom for this increase .It would be a good shot in the arm for him and a nice thank you form the county for his job performance.

Thank you,

Gary Fitch
Pasco Road Supervisor
